

SMARTSCALE™

Automatic Livestock Weight Measurement System

Weight Gain Tracking

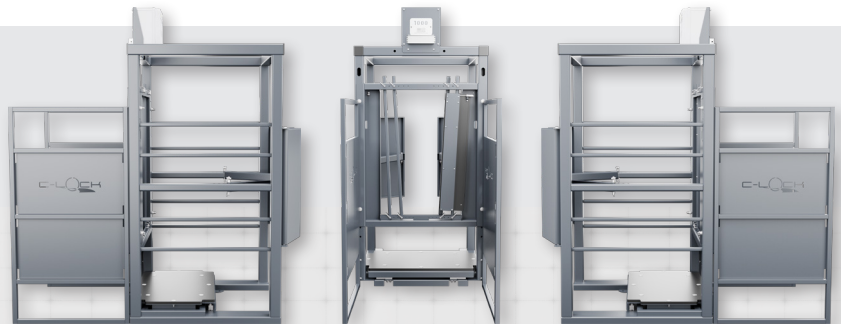

Smart Management Decisions

Improve Feed Efficiency

Individual Animal Identification

Low Labor Animal Body Weight Measurement

SmartScale uses RFID technology to automatically capture individual animal weights during routine handling, accurately tracking weight and weight change over time. This data forms the foundation of performance and efficiency analysis, helping identify which animals gain weight most efficiently.

→ Automatic Weight Capture

→ Daily Weight Tracking

→ Performance & Health Monitoring

→ Low Labor - Low Stress

SmartScale Purchase Includes

Monitoring & Protocol Assistance

Product monitoring from C-Lock data specialist.

Software Updates

Includes updates to online software and customer portal capabilities.

Customer Portal Access

Access to real time raw and processed data via C-Lock's cloud-based customer portal.

Online User Interface

Each SmartScale can be controlled by our easy to use online interface.

Repairs

Product parts and repair are provided while equipment is on subscription.

Support

A support line to contact C-Lock for technical questions or to report problems.

Features

Simple User Interface

Log in to our secure and user-friendly interface to see real time data or generate reports. No extra software to purchase or to load onto resident computers.

Animal Performance Metrics

SmartScale provides individual real-time animal weight and performance at your finger tips.

Data Management/Connectivity

All raw and processed data is accessible in a secure archive with a simple online interface. Data is transmitted wirelessly with WiFi or cellular network.

State of the Art RFID Reader

SmartScale can be operated in "noisy" RFID environments without complications and work with any low-frequency RFID tag.

Customizable & Flexible

Designed to fit your existing water source. Can be used in virtually any production setting.

Product Options

Solar Power

For remote applications, a solar power kit can be added to each unit. The kit includes one solar panel, frame, batteries, and a battery control box.

Ear Tags

All of our units read HDX - Half Duplex and FDX - Full Duplex tags. If your animals are not tagged appropriately, you may purchase tags at any time from C-Lock Inc.
